

Programmes de vaccination contre le HPV

Préparation, Introduction, Revitalisation et Pérennité.

L'état du plan d'introduction du vaccin contre le HPV et sa revitalisation

Fiche de travail_Groupe 6

GROUPE 1

Bakouan	René	Burkina Faso
Sawadogo	Serge Aimé	Burkina Faso
Zongo	Nayi	Burkina Faso
Fatoumata	Koné	Côte d'Ivoire
Ouattara	Kiyali	Côte d'Ivoire
Toure	Oumar	Côte d'Ivoire
Yougbare	Cécile	Côte d'Ivoire
Dia	Aliou Abdourahmane	Senegal
Lèye	Ibrahima	Senegal
Ndiaye	Madjiguène	Senegal
Aoukou	Isabelle Afi	Togo
Atakouma	Yawo	Togo
Looky-Djobo	Hèzouwè	Togo
Meatchi	Bakar	Togo

Moderateur: Bakouan René
Facilitateur: Cathy Ndiaye

GROUPE 2

Fatoumata	Fidele Guei	Côte d'Ivoire
Kouakou	Séraphin Kouassi	Côte d'Ivoire
Massenon	Viou Innocent	Côte d'Ivoire
Ouattara	Samala	Côte d'Ivoire
Cheikh	Dah	Mauritania
Coulibaly	Zahra	Mauritania
Diagana	Moussa Salatou	Mauritania
Mohamed Ahmed	Mohamedou	Mauritania
Diop Babacar	Aboubacar	Senegal
Mbaye	Youssou	Senegal
Niang	Mamadou Mansour	Senegal

Moderateur: Kouakou Séraphin Kouassi
Facilitateur: Emilie Karafillakis

GROUPE 3

Ayéroué Balima	Delphine	Burkina Faso
Konkobo	Abdoulaye	Burkina Faso
Epse Njoume	Yonta Nana	Cameroon
Napani	Jean Claude	Cameroon
Nguessie Essofack Matsinkou	Christabelle	Cameroon
Njoh	Andreas Ateke	Cameroon
Ongolo Zogo	Pierre	Cameroon
Diaby	Bani	Mali
Diarra	Ibrahima	Mali
Maiga	Abdourahamane	Mali

Moderateur: Njoh Andreas Ateke
Facilitateur: Anissa Sidibe

GRUPE 4

Iriwacu	Bellejoie Louise	Burundi
Mugisha	Sylvia	Burundi
Bissengue	Roch Placide	Central African Republic
Goddot	Mauricette	Central African Republic
Amadaye Abgrene	Khadidja	Chad
Assem	Flora	Chad
Ebina	Jonas	Congo
Ambounda	Nathalie	Gabon
Nambinina Lova	RANDRIAMAMONJY	Madagascar
Rakotonavalona	Rivomalala	Madagascar

Moderateur: Bissengue Roch Placide
Facilitateur: Ana Bolio / Lydia Thomas

GRUPE 5

Camara	Mariame Epse Gomina	Benin
Guezo-Mevo	Blaise	Benin
Kaucley	Tcha Landry	Benin
Lalya	Francis	Benin
Coulibaly epse Traore Djeneba		Democratic Republic of the Congo
Kazadi	Crispin	Democratic Republic of the Congo
Ahmed Ali	Daoud	Djibouti
Masie Nsue	Maria Rosario	Equatorial Guinea
Camara	Facely	Guinea
Gassim	Cisse	Guinea

Moderateur: Ahmed Ali Daoud
Facilitateur: Ricardo Burdier

GRUPE 6

Amuzie	Chidinma	Nigeria
Hassan	Elizabeth Danjuma	Nigeria
Abubakar Umar	Aisha	Nigeria
Shinkafi-Bagudu	Zainab	Nigeria
Kiarie	Lucy	Kenya
Schlangen	Katie	United States
Wysong	Megan Diane	United States

Moderateur: Hassan Elizabeth Danjuma
Facilitateur: Nayab Waheed

Team Discussion - Status of the HPV vaccine introduction plan and its revitalization

Group No. 6

	Challenge <i>Decision-making, introduction, revitalisation of the vaccine coverage</i>	Description of Challenge <i>Please describe in more detail the challenge</i>	Additional Comments
	Poor buy-in from primary gatekeepers	Low acceptance from key influential community voices like religious leaders, traditional leaders, due to lack of information	
	Inadequate inclusion of non-EPI stakeholders	Inclusion of non-EPI stakeholders like education, traditional and religious leaders was suboptimal	
	Unavailability of funds to cover some ACSM activities	The VIG fund was inadequate to cover ACSM activities like media appearance and media airing due to inflation	
	Suboptimal coordination processes at subnational	Coordination of HPV roll out at subnational level was suboptimal due to non-inclusion of non-EPI stakeholders and also due to competing priorities	
	Political instability	Due to political instability and change in government a lot of key EPI and non-EPI stakeholder are changed thereby affecting stakeholder engagement and community mobilization	
	Anti vaccination / sabotage from organisations	This was prevalent and mostly came from health workers discouraging people from getting their wards vaccinated	
	Transition in Government	This led to new appointment of stakeholders and program officers who were already deeply involved in the HPV implementation	

Strengths Decision-making, introduction, revitalisation of the vaccine coverage	Description of Strength Please describe in more detail the strength	Additional Comments
Availability of knowledgeable and dedicated program managers and partners	The country has a wide range of experienced immunization experts in both national and state level supported by a number of development partners	
Strong political will and commitment	We received strong support from government at all levels with both fiscal and policy commmitment	
Strong routine immunization system	The country has experience conducting Supplemental immunization activities (SIAs) and non-polio SIAs and this was leveraged to strengthen the HPV rollout	
Strong resilient health system	We also leveraged the already established health system structure to support to support vaccine rollout	

If there are country-specific strengths, please feel free to expand here:

THANK YOU
